Tuition Assistance Applications

It is our goal that no student be denied enrollment based on financial hardship. The Tuition Assistance Program makes monetary grants to qualified students who request financial assistance. Individual grants are made for one school year, but a student may apply for and receive a grant each year. To apply, complete a "Grant & Aid" application through the FACTS portal at the time of registration. The application deadline for the first round of allocations is May 1st. (*FACTS will charge a \$40 fee when applying.)
